

Futurebuild® LVL Products: General/Specific Design

Product Technical Statement

<p>Product Description</p>	<p>The Futurebuild® Laminated Veneer Lumber (LVL) range consists of a range of LVL based timber products including composite plywood and LVL beams. The Futurebuild LVL range of products features unique, specific material property ‘recipes’ and are subject to specific design via the “Futurebuild LVL Specific Design Guide”.</p>
<p>Scope of Use</p>	<p>Futurebuild LVL members, subject to specific engineering design, are suitable for use as structural members in the framing and connection of structural systems designed and specified by engineers. Futurebuild LVL members are to be installed in accordance with the specifications and details provided by design professionals.</p> <p>The durability of Futurebuild LVL should be detailed by qualified design professionals to meet the requirements of New Zealand Building Code (NZBC) Durability Clause B2.</p>
<p>Limitations / Disclaimer</p>	<p>Futurebuild LVL members may not be used in:</p> <ul style="list-style-type: none"> • Weather exposed applications <p>Please refer to the current Futurebuild LVL literature for information, limitations, and cautions regarding the storage, handling, installation, usage, and maintenance of LVL.</p>
<p>Compliance with the New Zealand Building Code</p>	<p>Futurebuild LVL will, if designed, specified and employed in accordance with the NZS 3603 Timber Structures Standard (NZS 3603), assist in meeting the following provisions of the NZBC:</p> <p>Clause B1 Structure: Performance B1.3.1, B1.3.2, B1.3.4(d)</p> <p>The characteristic design properties of Futurebuild LVL were determined in accordance with Clause 2.3 of NZS 3603.</p> <p>Futurebuild LVL is product certified by the Engineered Wood Products Association of Australasia (EWPAA) as being manufactured in accordance with the joint New Zealand / Australian Standard AS /NZS 4357: Structural Laminated Veneer Lumber (AS/NZS 4357). The EWPAA is accredited for product certification by the Joint Accreditation System of Australia and New Zealand (JAS-ANZ).</p> <p>Clause B2 Durability: Performance B2.3.1(a) when used and treated to the requirements of NZS 3602 and NZS 3604</p> <p>Futurebuild LVL is manufactured to meet the requirements of the NZBC Clause B2 Durability. As such, if the product is used in accordance with good building practices, and treated to the required treatment levels prescribed in NZS 3602, Timber and Wood Based Products for Use in Buildings (NZS 3602), it will form part of an Acceptable Solution complying with the requirements of the NZBC (Acceptable Solution B2/AS1, 3.2.1).</p>

Futurebuild® LVL Products: General/Specific Design

Product Technical Statement

	<p>Clause C Fire Performance: C1 – C6</p> <p>Futurebuild LVL members may be used as part of a fire resistant solution when used in accordance with GIB® Fire Rated Systems that provide passive fire protection in accordance with the requirements of NZBC Clauses C1 - C6 – Protection from Fire. Refer “GIB Fire rated systems Specification and Installation Manual”</p> <p>Clause F2 Hazardous Building Materials: F2.3.1</p> <p>Futurebuild LVL meets this requirement and will not present a health hazard to people.</p> <p>Clause G6 Airborne and Impact Sound G6.3.1, G6.3.2</p> <p>Solid Futurebuild LVL can be used as a part of framing solutions for walls and floors (Acceptable Solution G6/AS1).</p>
<p>Quality Assurance</p>	<p>Futurebuild has strict quality assurance processes in place to monitor that Futurebuild LVL is manufactured in a manner that meets both the structural and visual requirements of the specific product.</p> <p>Futurebuild LVL is independently third party audited by the EWPAA. The EWPAA certifies Futurebuild LVL manufactured at its Marsden Point mill.</p> <p>Participation and compliance with the requirements of the EWPAA’s process based quality control scheme includes product testing and monitoring of properties. It provides the basis for the EWPAA’s Product Certification of Futurebuild LVL as conforming to the requirements of AS/NZS 4357.</p> <p>Conformance with AS/NZS 4357 ensures that Futurebuild LVL is suitable for structural applications in accordance with NZS 3603 and NZS 3604.</p> <p>The EWPAA’s product certification scheme is accredited under JAS-ANZ.</p>
<p>Sustainability</p>	<p>Futurebuild LVL is manufactured from plantation pine grown in New Zealand. It is grown on tree farms which are tended and harvested to provide wood for LVL manufacture and other applications. The crop is managed on a sustainable basis to yield millable trees. New Zealand plantations are managed in compliance with the New Zealand Forest Accord, a voluntary agreement signed in 1991 between New Zealand forest managers and environmental non-government organisations.</p> <p>Futurebuild LVL is manufactured in New Zealand, at the Marsden Point Laminated Veneer Mill. Futurebuild LVL is available Forestry Stewardship Council (FSC) (SCS-COC-001319) certified upon request.</p>
<p>Installation Requirements</p>	<p>Futurebuild LVL members are to be installed in accordance with the specifications and installation details provided by the engineer and/or other qualified design professional.</p>

Futurebuild® LVL Products: General/Specific Design

Product Technical Statement

Service Life	Futurebuild will continue to satisfy the relevant performance requirements of the NZBC for 50 years (or other time periods as specified by the designer relative to the specific project) provided that all of the requirements set out in this Product Technical Statement and the specific design parameters of the project are satisfied.
Maintenance Requirements	Futurebuild LVL components will not normally require maintenance. However, in circumstances, where coatings have been applied, maintain in accordance with coating manufacturers requirements.
Product Support	<p>Futurebuild provides extensive product support for our full range of wood based building products. By visiting www.futurebuild.co.nz you can access all the latest information regarding our products including Product Guides, Specification and Installation Guides, Technical Notes, Information Bulletins, CAD Drawings, Design Software and other useful information.</p> <p>In addition to this Futurebuild have a team of Engineers and Technical Experts available to assist with any product enquiries. You can contact the team by calling 0800 808 131 or by emailing info@futurebuild.co.nz.</p>
